

90x90 MM SOLID SURFACE MOUNTING PLATFORM

INSTALLATION SOLID SURFACE MOUNTING PLATFORM - STONE, WOOD, GLASS & OTHER SOLID SURFACES

DESCRIPTION:

Applications:

Solid surface mounting platforms are designed for wall installations and they contain an integrated back mounting enclosure that seamlessly integrates the Lutron Alisse devices into the TRUFIG mounting system. The mounting platforms are available in 1/2" and 5/8" thicknesses and for a variety of wall coverings tile. The platform can accommodate solid surface materials from 3/8 to 1-1/4" thick.

Flush Finish:

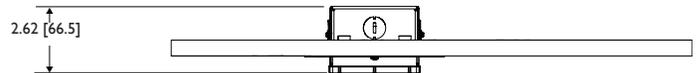

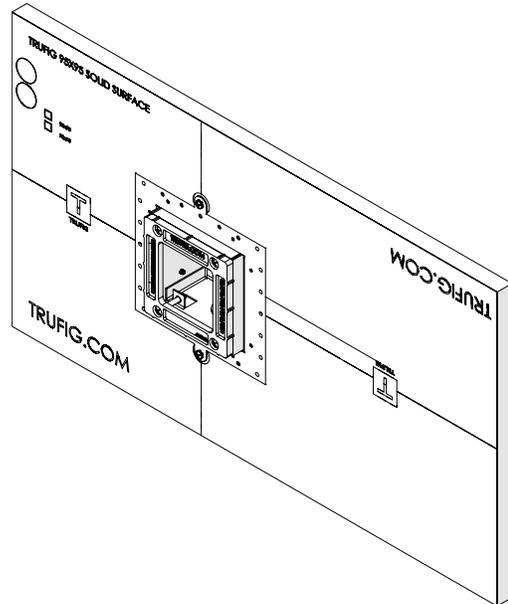

Platform technology allows for a zero-sightline, flush finish. Paint-ready Fascias provide flexible finishing options including paints and veneers.

Fascias/Devices:

Accepts Lutron Alisse keypad.

Accessories:

Router Template - quickly and precisely route Fascia opening in the field with a rigid Plexiglas router template
Plaster shims - adjusts the mud dam in 1/16" increments to accommodate up to 3/8" plaster thickness

TECHNICAL:

Materials:

Panel - Pressed Gypsum (fire class A, 95% recycled material) material is impact, mold and moisture resistant.

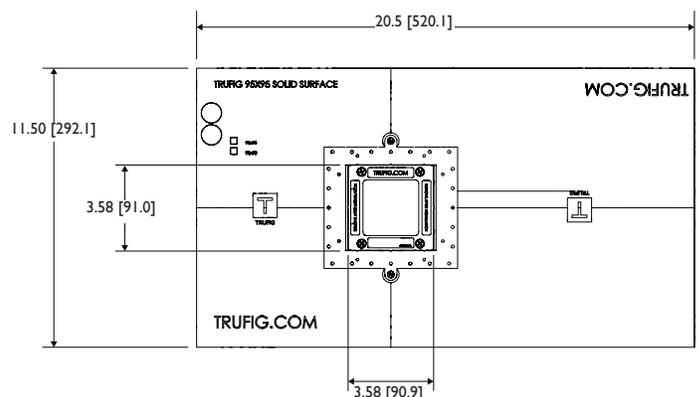

Enclosure - 18 GA Galvanized Steel.

Environment:

For indoor use only - mounting platform can be used in damp locations such as kitchens, back-splashes, and bathrooms.
