

90X90 MM GYPSUM MOUNTING PLATFORM

DRYWALL, PLASTER, & WALLPAPER

DESCRIPTION:

Applications:

Gypsum mounting platforms are designed for wall installations and they contain an integrated back mounting bracket that seamlessly integrates the Lutron Alisse size device into the TRUFIG mounting system. The mounting platforms are available in panel thicknesses of 1/2" and 5/8" and for a variety of wall plaster, and wallpaper.

Flush Finish:

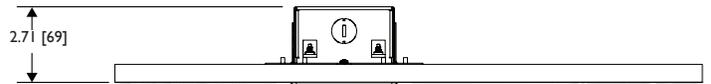

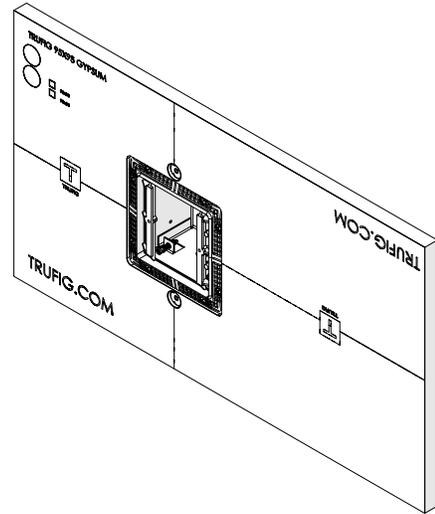

Platform technology allows for a zero-sightline, flush finish. Paint-ready Fascias provide flexible finishing options including paints and veneers.

Fascias/Devices:

Accepts Lutron Alisse 90X90 mm keypad.

Accessories:

Plaster shims - adjusts the mud dam in 1/16" increments to accommodate up to 3/8" plaster thickness.

TECHNICAL:

Materials:

Panel - Pressed Gypsum (fire class A, 95% recycled material) material is impact, mold and moisture resistant.

Enclosure - 18 GA Galvanized Steel.

Mud Dam - Precision Machined Aluminum

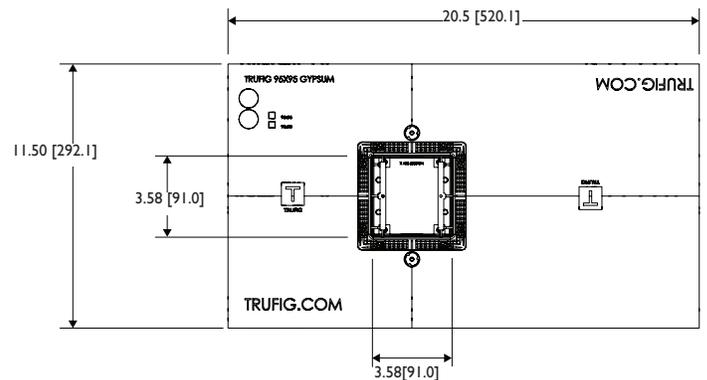

Environment:

For indoor use only - mounting platform can be used in damp locations such as kitchens, back-splashes, and bathrooms.
